*"The Trump regime's inhumane cruelty is a typical symptom of fascism.*

Fascists use lies as a weapon, to demonize & dehumanize their victims and incite hate & violence.

Fascist propaganda brainwashes people to have no empathy for their victims."

~ Oliver Markus Malloy, American Fascism: A German Writer's Urgent Warning To America

It seems I still have a few readers and subscribers who favor or support Trump; at least they are willing to give him cover every time he says something to their liking. I know this because when I get disabled emails, it is in most cases due to my exposing Trump for the piece of shit that he is. A few of them claim the

idiotic MAGA banner, which borders on the insane. So let me clear the air about this subject.

First and foremost, I hate 'most' all politicians, no matter the color, stripe, or party affiliation. In my mind, all politicians are the absolute worst of mankind. I voted only once in my life decades ago, and it made me sick to my stomach. Any human who desires to rule over any other is evil, period. This is without question. I am prefacing my rant so that there will be no doubt whatsoever that I am not in the camp of any single person in government; and not any government anywhere. This also includes every government and every government agency, and every enforcer in government, whether police, IRS, ICE, military, or any other. I am no conservative, no liberal, no libertarian, no republican and no democrat. I abhor all politics and politicians equally. There is no such thing as I see it, as a 'good' politician.

Now, back to Trump, who epitomizes the worst absolute evil of these parasitical political scum. I certainly know that he (Trump) is not in control, but that he is fully controlled by others, especially the criminal and murderous Zionist Jews. With that said, he is a willing puppet of the darkest form of wickedness and vile immorality, so he should never get a pass for anything.

In all my years, I have never seen anyone in this position of power who was more blatantly atrocious and disgusting than Trump; and I have seen them all, from Nixon, Johnson, Reagan, Clinton, Bush, Obama, Bush Jr., Biden, and any and all others, but Trump takes the prize so far. That will likely change at the next selection cycle, but then that should be evident to any thinking individual who still has a working brain.

Trump, the self-described "peace" president, has aggressively attacked or supported war by proxy with taxpayer money, in Yemen, Syria, Palestine, Ukraine, Lebanon, Iran, Russia, most of the Middle East, Nigeria, Somalia, Afghanistan, Iraq, Libya, Pakistan, Venezuela, and has threatened Greenland, Mexico, Columbia, Panama, Canada, and a host of other countries. He has been responsible for starving and killing millions of civilians due to sanctions, criminal tariffs, theft, and blockades, and has turned this economy and others upside down. He supports, funds, and arms with your dollars, the genocide of hundreds of thousands or millions, of which most are children. He supported, paid for, and allowed mandates for hundreds of millions to take poisonous

death jabs called "covid" shots. He was responsible for closing this country down, and imprisoning many in their own homes.

Trump faked his own so-called shooting, got the perfect photo-op, helping him secure a fraudulent 'election,' and is responsible for many false flag events that were deadly in many cases. He has enriched all his 'friends' (He actually has none except Epstein) himself, and his family, all at the expense of all of you. He has been ordering his murdering military to blow boats out of the water, killing many unknown people, all over the Caribbean, all under the guise of protecting stupid Americans from drugs, of which this government, especially the CIA, is the biggest drug cartel and supplier of drugs to the U.S. This has been like a gaming app for him, as he has no soul, and murder and perversion are his desires.

As if it could be worse, Trump is a very insecure, babbling, dishonest fool, who is the most complete narcissistic, ego-driven, m(a)galomaniac I have witnessed. He is also a psychopath, sociopath, and pathological liar; all of which fit him like a glove.

In my Substack note today, I outed his latest atrocity from his ICE goons:

*"Trump's and Noem's ICE agents, and the martial law tyranny they are prosecuting across the country, is beyond atrocious and is gross totalitarian madness. This is just one barbarous horror after another in the evil Trump administration. They just murdered a lady in cold blood, Renee Nicole Macklin Good, in Minneapolis, as she simply attempted to drive away from these scum.*

*What is it going to take before the cowardly sheep in this country defend themselves by any means necessary when federal murderers invade one domestic area after another? ICE agents are terrorists and the enemy of every American. Self-defense against any and all aggression by any government agency is necessary, and it is fully warranted. Armed military assassins on the streets carrying government IDs should not be tolerated.*

*Trump and his ICE whore Noem, lied about the incident in order to protect the assassin, and Trump made up a story that is obviously an outright fabrication. He is a pathological liar and criminal, and given his record of slaughter and murder, he should be impeached and imprisoned.*

*Enough is enough!"*

I will stop this rant for now, as it would not be difficult to write an entire book on the subject of Trump's evil, but hopefully you will get the picture without having to read a novel-length description of all his failings, immorality, murder, perversion, and insane personality. If you choose to dig deeper, you will likely dig yourself right into hell.

Slow down and take a breath, as many will find this rant to be over the top, but I can say without apology, that I have barely scratched the surface of the heinous nature of Trump and his kind. Before any send me hate mail, stoop to name-calling, cursing, or threats, please remember that I do not care in the least about such childish nonsense; and am completely unaffected by such pathetic idiocy. What you think is your business, and I mine, and this is my take on the monster who is allowed to sit on the throne built for him by the majority of the people in this country; which means all who support this government and this heinous governing system. What does that say about this population? You decide!

*"Trump's MAGA cult is so utterly brainwashed, they WANT Trump to be a dictator. No dictator has ever seized power alone. Every dictator has millions of groupies. Even Hitler."*
