Open letter to a few people who haven't read the specialist literature on Hamer medicine! Part 40

First automatic English translation of this post: 2026_11_08_life_is_merciless_25_English

The first day of negotiations next Tuesday, November 10, 2026, still needs some preparation!

If I just sit down there,
I'm as good as slaughtered
and guaranteed to end up in jail!

So I will take my laptop, my projector and my screen to make it clear to the DELIBERATELY UNKNOWN GUYS who refuse to acknowledge that since 1980 well over three billion cancer patients worldwide have been executed with CHEMO, what a single man and therefore also a single (real) woman can achieve!

-
  - I have saved an excerpt from the film " **The Fountainhead** ", namely the defense speech that led to the acquittal, in three forms on my laptop!
    -
    - In the original English, in German translation and in German as a read-aloud chapter from the author's book!
    - So I'm really well prepared

    - Pay attention to the judge in the film excerpt!
    - The proceedings are not about the amount of damage, but about whether the defendant's actions are criminal!
    - And then listen carefully to how developmental steps have occurred over millennia!

Again and again!
Individuals step forward and,
against the will of the uninterested
masses, demonstrate
that they were right!

The public prosecutor's office, the fully qualified lawyers from the local court , and the alleged expert who cannot possibly have any knowledge of
Germanic Healing Knowledge
are therefore **die** -hard traditionalists who do not want any further development of humanity!

-
  - Demonstrating an "accurate worldview" must finally be enforced for the sake of cancer cure!

The "court (???)" and the psychiatrist
must be ridiculed to such an extent
that not even a dog
would take a bone from them!

Satan wants victims! He will get them!
There is enough expendable human filth
in the world!

-
  - Then these deliberately ignorant guys should know something about a fatal collision that occurred in 1961 between a suburban train and a construction train at the Berliner Tor suburban train station in Hamburg!
  - To my knowledge, that was the only intersection between the S-Bahn and Bundesbahn tracks.
  - The fatal accident was caused by a signal box malfunction, and this intersection hasn't existed for many years

  - The accident itself is not important, and I have no idea how many people died back then!
    -
    - There were 28 dead: **https://www.ndr.de/geschichte/schauplaetze/schweres-unglueck-28-menschen-sterben-1961-in-hamburger-s-bahn,sbahnunglueck100.html**

  - The father of my older sister's then-boyfriend and later husband was a railway official.
    -
    - I knew the father.
    - On one occasion, another railway worker was there who told the story of the accident.
    - I've forgotten some of the details!
    - I haven't forgotten the description of the person who caused the accident.
    - The man had seen him approximately two days before the accident and then again about half an hour after the accident!
    - His previously completely normal hair turned completely white about half an hour after the accident!

I suspect that something like this
can happen when the one-sided
HOLOCAUST jurists
have to realize that their beloved
Holocaust has long ceased to
be the worst crime in the world!

Only 28 people died in the Hamburg accident!

I've been talking about BILLIONS OF SENSIBLES since 2010 !

THIS can KILL the people who
steadfastly refused to understand it,
i.e., those responsible for it,
in SECONDS!

-
  - **The Holocaust has never been the worst crime in the world!**
  - **Look at the First World War and the upheavals it triggered!**
  - This cost far more lives than is told in the Holocaust myth of the Third Reich!

World War I was artificially
triggered and artificially prolonged!
England sacrificed its global power just
as Donald Trump
sacrificed his popularity with the American people when
he supported Israel in the genocide against the Palestinians
!
The American people also
don't seem to support the war against Iran!
What the American people haven't yet grasped is this:
Both sides, Republicans and Democrats, are in cahoots at the top!
This unity must be recognized and
broken up!
This didn't happen in the
midterm elections held a few days ago!

It is therefore necessary to show these completely emotionalized “HOLOCAUST LAWYERS” who they really are!

-
  - I don't even rule out the possibility that one or more (???) of the completely emotionalized "HOLOCAUST LAWYERS" might have to be carried feet first out of the courtroom!
  - Not because I might have killed them!
  - I completely rule that out

  - Dr. Hamer only knew superficial figures on when to expect a fatal healing crisis!
  - I cannot and will not prove it!

Death can occur within minutes in perfectly

healthy people!
They just need to understand who they are!

It would also be a tremendous success if the present complete idiot lawyers—who are complete idiots because they are unable to read the Holocaust-critical literature of the Holocaust questioners and who also refuse to read the original literature on Germanic Healing Knowledge because their likely Rotary, Lions, and Freemason friends, who proclaim with absolute conviction that cancer is incurable, could be forced to acknowledge **the curability of every type of cancer!**

I have said it time and again: Court staff must read for themselves in order to arrive at an initial suspicion.

-
  - I repeatedly included the necessary documents, but they were probably never read and therefore even less understood:
  - Check this out! What more could you need to reach REAL PEOPLE????
  - Only " **soulless data processing machines under BRAINWASHING** " cannot be reached with this:

      -
      - This last link proves that abandoned cancer patients, who were sent home to die because the dying process was deemed unacceptable for the "poor conventional medical murderers," lived for years with a fairly good zest for life when German New Medicine was explained to them at the very last moment!
      - **Had these people not received chemotherapy , they could easily have been fully restored!**

What kind of complete idiot lawyer must you be not to understand that?

I know the answer: THOSE DAMN LAWYERS didn't read it! That's why they don't feel implicated!

Their karma holds an
indelible guilt !
But these types lack the sensitivity
to grasp it!

Look at the current state of the world!
You can recognize Satanists by the
devastation they create!

The "court (???)" did everything wrong that it possibly could!
THIS WAS DELIBERATE AND NOT AN ACCIDENT!
THEY don't know the punishment yet, and it WON'T BE brought about BY ME!

There can only be ONE!
That is meant in the spirit of the Highlander!

It will be the Lord God!

Read it again:

-
  - Title: We are not alone! Translation page of the chapter "Night of Decision" from Günther Schwab's book "The Dance with the Devil":
  - URL: **https://sonnenspiegel.eu/esoterik/hamerneuigkeiten63.html** .
  - The entire book is available here: **https://archive.org/details/LEBENSWILLE** .

Now finally understand the problem that needs to be recognized and then solved: We live in a **society of children** traumatized by developmental and attachment issues .

-
  - I was stuck in there once too, because I was forcibly pushed in!
  - It was quite difficult to get out of there!
  - They rolled every obstacle they could find in my way and threw every possible stumbling block in my path!

Only people with a justified fear of death would be "so thorough (???)" !

What a miserable life they lead!

The "current state of the Earth"
must therefore
have already been reached several times, and
the Earth's destruction
must have been averted at the very last moment!
Will it happen again?

-
  - Draw the right conclusions from this obvious fact!
    -
    - The Satanists have managed to secure "their archives"!
    - Now another indispensable consequence follows:
    - Satanists shouldn't be allowed "even the dirt under your fingernail"!
      -
      - But this must be implemented consistently and not "under hatred"
    - Satanists, in a state of weakness, will accept any offer of peace and immediately begin to bend the rules to their advantage!
    - As soon as they are strong again, the war will continue
  - Satanists must therefore be destroyed once they have been weakened.
  - Only when facing imminent destruction should one be "cautious"!
    -
    - As always, it depends on the details, which vary depending on the situation.
    - Therefore, no meaningful instructions for action can be given in advance!
    - We need people with a broad perspective! If they're all trampled to death, or don't reach the levers of power in time, only ruin awaits the fools!
      -
      - Ludendorff was only able to assume supreme command in the First World War when the Satanists already knew that not even Ludendorff could turn the tide!
      - So it was about prolonging the war and increasing the "incoming money," which allowed me to avoid the term "earnings"
    - The Satanists are once again facing this consequence!
    - They won't escape
  - Back to my fate:
  - THAT was the work of that stinking, dirty piece of **MIXED - LING JEWISH SHIT** HANS-JOBST VON STOSCH, who simply cannot be my real father!
    -

- If that were my biological father, I would have understood his despicable nature and would probably have become a real scoundrel myself!
- This cowardly piece of shit was only able to torment me for so long because I was severely traumatized "so early," at the age of three and a half to four, and in addition to maintaining the initial trauma, a multitude of further traumas were piled on top of me!

THAT was "overkill" times 10 million!
Could it be that this
exaggeration saved my life

- Have you really not understood why Judaism has been hated across the board for millennia?

I had to study the "filth of Judaism"
to survive!
Are there any people who are Jewish?
In Israel, there seem to be very few people
of Jewish descent!

- But hate is no cure!
- On the contrary, “hatred of Jews” maintains their power because it eliminates one's own capacity for thought!
- Only an emotionless "return of the blame" will solve the problem!
- This solution can often be found here on the blog!

My abuse was useless!
The power that
will destroy the Satanists exists!

Next Tuesday we will know whether this strength is available to me!

Satanists: I wish you a "good death" and take your families with you! You don't stand a chance!
