Why not read **Hermann Rauschning's "Conversations with Hitler"** ?
Specifically, the expanded 1973 edition, which includes Chapter 18, a chapter that a fearful censor in Switzerland refused to publish in 1940!

The text on the back cover fully explains the importance of this book. Back then, in 1940, an entire chapter was not printed!
Here is the text from the back cover (quote begins): "When the former President of the Danzig Senate, Hermann Rauschning, published his 'Conversations with Hitler' at the end of 1939, he triggered a political shock."

'There is nothing one must guard against more than exaggerating this man, immortalizing him, and turning him into a myth. He will occupy the imagination of his people—and not only his people—long enough as it is. For he himself believed that his profound impact would only come after his death. And despite all caution, it could happen that this magic is revived, like those demons who, imprisoned in a bottle, are freed by an unsuspecting finder and suddenly grow into giants at his fingertips."

This passage, which was subsequently removed by a cautious Swiss army censorship authority along with the entire eighteenth chapter of the book, can be seen as justification for the complete, facsimile reissue. It comes at a time when violence seems inescapably permeating the political arena and frightened citizens everywhere are searching for "strongmen." Leading historians have thoroughly examined the authenticity of "Conversations with Hitler." They concluded that Rauschning's merit lies in having facilitated posterity's understanding of Hitler's personality. Rauschning introduced the concept of "duplicity of character" as a psychological explanation for the Hitler phenomenon, describing it as the "close connection between cold calculation and unrestrained imagination, between the ordinary and the extraordinary." He also exposed the ideological component of Hitlerism, dominated by the resurgent notion of Darwin's law of the strong.

Many of the ideas attributed by Rauschning to the "Führer" are also confirmed in other sources, including the "Memoirs" of Hitler's armaments minister Albert Speer.

The "Conversations with Hitler" are also a documentation of the author's own character. Rauschning, who, like some of our contemporaries still do today, dreamed of a "conservative revolution," came into close contact with National Socialism, which he ultimately served in a leading role. Unlike others, this encounter soon led to disillusionment and resolute opposition. But precisely this entry into the inner circle was the prerequisite for a judgment and assessment that no outsider possessed and which therefore had to lead to extraordinary conclusions. **(End of quote)**

On page 272, one should also read the first part of the first paragraph of the chapter on Hitler, which was not printed in 1940 (quote begins): "Anyone who saw Hitler before them, with his flickering eyes devoid of depth and warmth, eyes that, behind their hard glare, were as if sealed off, without background, anyone who then saw his eyes become fixed again, must have been overcome by an uncanny feeling: this man is not normal. And then again, one could see him sitting apathetically for fifteen minutes, without a word, without opening his eyes, picking his teeth in a terrible way: was he even listening, was he absent-minded? There was never a truly spoken dialogue. Either Hitler listened silently, or he 'spoke'." **(quote ends)**
I can interpret what Mr. Rauschning describes: Hitler had exhausted himself and was seeking to replenish his energy. The time he was unresponsive was the time he must have needed to steal this energy from those present!

Please compare this to mass events! They still exist! Think of Beatles concerts or important football matches!
A singles starlet (singer) once blurted this out on the radio (somewhere in Germany). Before her first performance, she almost wet herself! Until she was on stage and immediately felt at ease. The woman probably didn't realize that at that moment she had the attention of the entire audience! This should definitely be considered an input of usable energy!
Now comes a part of my dearly bought experience:

I experienced something very similar with that bottomless piece **of mixed-race Jewish scum**, Hans-Jobst von Stosch!
He was unreachable at crucial moments when I desperately needed help or information!

Today, in November 2026, it's perfectly clear to me what just happened! This piece of mixed-race Jewish scum had tapped into my "energy system" and was draining my life force!
This energy theft was such a priority that he didn't stop it on his own!
His wife, Elisabeth von Stosch, née Küntzel from Salzwedel, considered this energy theft so important that she even put herself in LIFE-DANGER for it! There's the infamous incident on the cellar stairs of the house at Mühlenstraße 5 in D-25421 Pinneberg, where this old piece of shit only got to safety when I, screaming for her to leave the cellar stairs, started to consider whether I should drop the "heavy object" that was bound to shatter her fall, right then or in a second! **https://sonnenspiegel.eu/esoterik/zukunft_gestalten289.html**
Only then did that fucking cunt turn around and crawl down the cellar stairs!
I managed to steady myself, went down the stairs, and was so incredibly angry that I ran screaming at that fucking cunt, and she ended up backwards in front of a door.
After that, she left soon after! I didn't give her another thought!

Both of these energy vampires couldn't have been my biological parents. I must have been the "garbage man" onto whom the entire knowing family dumped their garbage!

You don't have to believe it!
Even materialists will find it
hard to believe!

Look here: **https://sonnenspiegel.eu/politik/das_leben_ist_erbarmungslos_31.html**
So, a Holocaust trial was initiated against me, and that filthy cunt, Ms. Freisler, the head of the Pinneberg District Court, failed to carry out the proceedings!
This filthy cunt, Ms. Freisler, even has aliases: "Red Hilde" and Gärtner as her real name!
This filthy cunt, Ms. Freisler, brought an expert witness into the courtroom whom I had already proven to be lying!

The task of the mass murderer psychiatrist Deister from Itzehoe was clearly to get me into a psychiatric hospital, where there would then be no escape!

**I don't believe that**
**Mrs. Freisler**
**will survive this assassination attempt!**

As soon as possible, the woman and her entire family will be arrested! Then the laws will be changed retroactively, which
is absolutely necessary given the ongoing mass murder of cancer patients, which has claimed well over three billion victims worldwide since 1980!

The charge will be: "Supporting an ongoing worldwide mass murder of cancer patients with chemotherapy!"
The death penalty is guaranteed. The family will likely also be executed under the newly introduced system of collective punishment!
The execution will be carried out according to the method described in " **Open Letter to the Itzehoe Regional Court, Part 3,** " which is explained on my blog www.SonnenSpiegel.eu !

Such blows to the criminal scum are really fun!

# Let that fucking dirty cunt Frau Freisler report me!

Let's see if
one is allowed to defend oneself with such
**destruction**
**by criminal government bullshit**
when one has been threatened with
spiritual death
in a psychiatric hospital!

This **fucking filthy cunt can't die slowly enough** ! Her cries should be heard throughout the world so that everyone understands that it's better to leave Germany and the Germans in peace and not even try to dump their own filth on Germans or in Germany!

There is, by the way, a discussion about whether World War II was deliberately lost to achieve something?

- 
  - Was it about the force that is now breaking through?
  - If so, then Satan must have been incredibly powerful if the Lord God had to go to such lengths!

Or should only the
unreliable ones
and the "unusable hybrids"
be disposed of?

Every person must earn their meaningful place on Earth. They should be guided in this, and deception should be prevented!

Such conditions must
have existed on Earth at some point!
Look at the artworks scattered around the world
that Satan
could not destroy!

Let's try to make such times possible again!
To do this, disputes must be resolved peacefully and without lingering resentment! Exploiters and fraudsters can't do that because they would have to return what they robbed!
Besides, they wouldn't be allowed to continue robbing!

- 
  - Exploiters and fraudsters must therefore be deported to reservations in the future, where they will be left to fend for themselves!
  - Theirselves and, indeed, the wild animals living there!

**In the Middle Ages, they used to brand people**
**on their foreheads!**
**It's time we**
**understood the logic behind this practice.**
Today, it's painless with a microchip!

"Dear complete idiots in positions of power!" I've warned you often enough! But you wouldn't listen! Not even the dead have brought you to your senses!

I knew that "something like that" could happen! I just wasn't sure I could make it!

Therefore, I would like to thank you here for the indispensable preliminary work and the help, which I may not have even understood in some areas.

I would like to specifically mention the freedom fighters who campaigned against the Holocaust myth and the non-existent gas chambers for humans:

- 
  - **Germar Rudolf**
  - **Monika and Alfred Schaefer**
  - **Ernst Zündel ,**
  - **JG Burg ,**
  - **Dr. Wilhelm Stäglich ,**
  - **Thies Christophersen ,**
  - **Cyrus Cox ,**
  - **Carlus Baagoe ,**
  - **Ursula Haverbeck**

Let all those guys who profited so terribly from the Holocaust of lies, the gas chamber myth, and the oppression of the Germans have a heart attack. THEY ARE DISPOSIBLE!
